

## For healthy soils with dense, green, hard-wearing lawns

- Premium range of fertilizers for professional maintenance of golf links
- Highly-concentrated organo-mineral and organic fertilizers
- MATCH I Golf 1–2 mm **granules** for use on **golf greens** contain organic nitrogen, slow-release (methylene urea) and quick-release mineral nitrogen
- MATCH I Sport 2–5 mm **granules** are excellent for use on **golf fairways and tees**
- Organic matter for increased soil activity and improved soil structure
- Unique, easy to apply, clean and safe to use granules

### MATCH | GOLF PRESEED

- **Origin** Organo-mineral NPK fertilizer
- **Composition** NPK 8-10-12+3MgO (2% N-MU) – 25% organic matter
- **Product form** 1–2 mm granular blend
- **Application rate** 2.5–3 kg / 100m<sup>2</sup> per gift – 3–5 applications per year

### MATCH | GOLF SPRING

- **Origin** Organo-mineral NPK fertilizer
- **Composition** NPK 16-4-10+2MgO+1.5Fe (6% N-MU) – 15% organic matter
- **Product form** 1–2 mm granular blend
- **Application rate** 2.5–3 kg / 100m<sup>2</sup> per gift – 2–4 applications per year

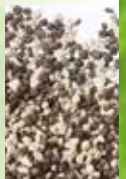

### MATCH | GOLF AUTUMN

- **Origin** Organo-mineral NPK fertilizer
- **Composition** NPK 8-4-18+1.5 MgO+1Fe (2% N-MU) – 25% organic matter
- **Product form** 1–2 mm granular blend
- **Application rate** 2.5–3 kg / 100m<sup>2</sup> per gift – 3–5 applications per year

### MATCH | GOLF ALL SEASON

- **Origin** Organo-mineral NPK fertilizer
- **Composition** NPK 12-4-9+2MgO+1Fe(4%N-MU)-30%organicmatter
- **Product form** 1–2 mm granular blend
- **Application rate** 2.5–3 kg / 100m<sup>2</sup> per gift – 4–8 applications per year

### MATCH | GOLF SPRING ORGANIC

- **Origin** Organic NPK fertilizer
- **Composition** NPK 10-1-3+0.5MgO – 80% organic matter
- **Product form** 1–3 mm granules
- **Application rate** 2.5–3 kg / 100m<sup>2</sup> per gift – 4–8 applications per year

### MATCH | GOLF ALL SEASON ORGANIC

- **Origin** Organic NPK fertilizer
- **Composition** NPK 5-3-8+0.7MgO – 60% organic matter
- **Product form** 1–2 mm granules
- **Application rate** 2.5–3 kg / 100m<sup>2</sup> per gift – 5–10 applications per year
